# Brookside School (03-0040-010)

2021-2022

Principal: Mr. Bruce Winkelstein

School Website

201-327-2020

:0:

526 Total Students

04-08 Grades Offered

# Overview & Resources

District: Allendale Public School District

Allendale, NJ 07401

100 Brookside Avenue

The School Performance Reports reflect the New Jersey Department of Education's (NJDOE) commitment to providing parents, students, and school communities with a large variety of information about each school and district. These reports can be used as a tool to help evaluate whether all students have equitable access to high quality education. We encourage you to use these reports to:

- · Learn more about the school and the district
- . Start conversations with school community members and ask questions
- · Engage with school communities to identify where schools are doing well and where they can improve

Important Notes for 2021-22 Reports: The 2021-22 School Performance Reports include nearly all data that was previously reported prior to the COVID-19 pandemic, such assessment results and accountability data. However, the 2021-22 reports will not include student growth as measured by median student growth percentiles (mSGPs) because individual student growth percentiles (SGPs) were not calculated for the 2021-22 school year due to lack of prior test results for the 2019-20 and 2020-21 school years. The student growth section of the reports will include a link to an alternate measure of academic progress that will be used for accountability determinations for the 2021-22 school year. As data over the last three years was impacted by the pandemic in various ways, the NJDOE recommends caution in comparing data from year to year.

School Performance Report Resources: The NJDOE has several resource documents that can help you understand and use the School Performance Reports, which can also be found under the "Resource Documents" link at the top of the page:

- . One-page guides to help start conversations for administrators, educators, elementary, and middle and high school families
- . Reference Guide with details on all the data in these reports
- Frequently Asked Questions
- Understanding Adjusted Cohort Graduation Rates
- Understanding Student Growth Percentiles
- Data Privacy Rules (why you see \*'s and N's in the reports)

Let the NJDOE know how we can improve future reports by taking our <u>feedback survey</u>. Contact <u>reportcard@doe.nj.gov</u> with any questions about the reports

# Demographics

Enrollment data reflects enrollment reported at the end of the school year and only includes students attending the school. Students that attend programs at other schools or outside of the district are not included in enrollment counts and percentages.

### **Enrollment Trends by Grade**

This table shows the number of students enrolled by grade for the past three school years. Any students enrolled outside of the grades offered will be included in the total enrollment.

Grade	2019-20	2020-21	2021-22
4	115	89	104
5	99	117	97
6	92	105	116
7	103	95	111
8	107	104	98
Total	516	510	526

### **Enrollment Trends by Student Group**

This table shows the percentage of students by student group for the past three school years. 2019-20 was the first year that data was collected for non-binary/undesignated gender and, as a result, data may not be a true representation of the student population. Additionally, to protect student privacy, gender percentages for 2019-20 are rounded to the nearest 0.5 and percentages for 2020-21 and 2021-22 may show a range, depending on the overall school population size.

Student Group	2019-20	2020-21	2021-22
Female	48.5%	49.0%	48.0%
Male	51.5%	51.0%	52.0%
Non-Binary/Undesignated Gender	<1%	≤1%	≤1%
Economically Disadvantaged Students	1.2%	0.8%	2.3%
Students with Disabilities	12.8%	10.0%	10.3%
English Learners	0.8%	0.8%	1.9%
Homeless Students	0.0%	0.0%	0.0%
Students in Foster Care	0.0%	0.0%	0.0%
Military-Connected Students	0.0%	0.0%	0.0%
Migrant Students	0.0%	0.0%	0.8%

## **Enrollment by Racial and Ethnic Group**

This table shows the percentage of students by racial and ethnic group for the past three school years.

Racial And Ethnic Group	2019-20	2020-21	2021-22
White	72.5%	72.2%	70.9%
Hispanic	6.0%	6.5%	5.9%
Black or African American	1.4%	1.0%	0.8%
Asian	16.7%	15.3%	17.1%
Native Hawaiian or Pacific Islander	0.2%	0.2%	0.2%
American Indian or Alaska Native	0.0%	0.0%	0.0%
Two Or More Races	3.3%	4.9%	5.1%

# Student Growth

Student growth is a measure of how much students are learning each year. New Jersey's ESSA state plan outlines that academic progress will be measured with school's median student growth percentile (mSGP) on statewide ELA and mathematics assessments. Each individual student receives a Student Growth Percentile (SGP) for English Language Arts (ELA) in grades 4 through 8 and for Mathematics in grades 4 through 7. The SGP measures their academic progress from one year to the next compared to other students with similar prior test scores (academic peers).

Important Note for 2021-22 Reports: The calculation of mSGPs relies on one to two consecutive years of prior assessment results to calculate individual student growth percentiles. Due to the cancellation of the NJLSA in both 2019-20 and 2020-21, SGPs were not calculated for 2019-2020, 2020-2021, or 2021-2022. The 2021-22 reports will not include any mSGP data.

The NJDOE received approved through the <u>COVID-19 State Plan Addendum</u>, to use an alternative method to calculate academic progress for the 2021-22 school year based on aggregate score improvement on the NJSLA at the schoolwide and student group level between 2018-2019 and 2021-2022. For 2021-22, the NJDOE measured academic progress in ELA and mathematics using Relative School Improvement Measure (RSIM). Results of the RSIM measure are available on the <u>NJDOE's Accountability page</u> under 2022 Accountability Data.

# Academic Achievement

† Target was met within a confidence interval.

This section of the reports includes results on statewide assessments, including the New Jersey Student Learning Assessment (NJSLA), the Dynamic Learning Maps (DLM), and the ACCESS for ELLs assessment. For more information about New Jersey's statewide assessments, see the NJDOE's Assessment page.

Important Note for 2021-22: NJSLA data is not available for 2019-20 or 2020-21 due to federal waivers and assessment cancellations and DLM and ACCESS for ELLs data is not available for 2019-20. As data over the last three years was impacted by the pandemic in various ways, the NJDOE recommends caution in comparing data from year to year.

## **English Language Arts and Mathematics Performance Trends**

These graphs show trends in the Proficiency Rate for Federal Accountability over the last three years. The data includes the results of students taking both the New Jersey Student Learning Assessment (NJSLA) and the DLM alternate assessment for English language arts (ELA) and mathematics. The Proficiency Rate for Federal Accountability measures the percentage of students that met or exceeded expectations on the assessments (NJSLA or DLM) with an adjustment made if the participation rate is below 95% to ensure reporting on at least 95% of students. Students that were enrolled for less than half a school year are excluded from performance results. The table below provides participation rates, proficiency rates, annual targets and status in meeting the targets, and statewide proficiency rates.

Important note for 2021-22: Due to the cancellation of statewide assessments in 2019-20 and 2020-21, statewide assessment results are not available for the 2019-20 and 2020-21 school years.

### **English Language Arts Assessment - Participation and Performance**

This table shows performance on statewide assessments for English language arts(ELA) both overall and by students group. It includes the results of students taking both the NJSLA assessments. NJSLA results include only students in grades 3 through 9. Students that were enrolled for less than half a school year are excluded from performance results. Student are considered to have met or exceeded expectations if they score at Level 4 or 5 on the NJSLA assessment.

This table shows both the percentage of students that met or exceeded expectations and a proficiency rate used for federal accountability. The proficiency rate for federal accountability will be lower if the participation rate is below 95%. This table also shows progress towards meeting the state's long term goal of 80% proficiency by 2032. Annual targets are specific to each subgroup, school, and district and represent the expected proficiency needed to stay on track to meet the state's long term goal. Student groups where the annual target fields are grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see the <a href="https://www.ncbetacountability.ncbetacountability.ncbetacountability.ncbetacountability.ncbetacountability.ncbetacountability.ncbetacountability.ncbetacountability.ncbetacountability.ncbetacountability. The proficiency rate for federal accountability will be lower if the participation rate is below 95%. This table also shows progress towards meeting the state's long term goal. # **Academic Achievement**

This section of the reports includes results on statewide assessments, including the New Jersey Student Learning Assessment (NJSLA), the Dynamic Learning Maps (DLM), and the ACCESS for ELLs assessment. For more information about New Jersey's statewide assessments, see the NJDOE's Assessment page.

Important Note for 2021-22: NJSLA data is not available for 2019-20 or 2020-21 due to federal waivers and assessment cancellations and DLM and ACCESS for ELLs data is not available for 2019-20. As data over the last three years was impacted by the pandemic in various ways, the NJDOE recommends caution in comparing data from year to year.

# Academic Achievement

This section of the reports includes results on statewide assessments, including the New Jersey Student Learning Assessment (NJSLA), the Dynamic Learning Maps (DLM), and the ACCESS for ELLs assessment. For more information about New Jersey's statewide assessments, see the NJDOE's Assessment page.

Important Note for 2021-22: NJSLA data is not available for 2019-20 or 2020-21 due to federal waivers and assessment cancellations and DLM and ACCESS for ELLs data is not available for 2019-20. As data over the last three years was impacted by the pandemic in various ways, the NJDOE recommends caution in comparing data from year to year.

### **Mathematics Assessment - Participation and Performance**

This table shows both the percentage of students that met or exceeded expectations and a proficiency rate used for federal accountability. The proficiency rate for federal accountability will be lower if the participation rate is below 95%. This table also shows progress towards meeting the state's long term goal of 80% proficiency by 2032. Annual targets are specific to each subgroup, school, and district and represent the expected proficiency needed to stay on track to meet the state's long term goal. Student groups where the annual target fields are grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see the NJDOE Accountability page. More information and additional data can also be found on the NJDOE Academic Achievement page.

Children Crown	Valid	% of students taking	School: % of testers met/exceeded	District: % of testers met/exceeded	State: % of testers met/exceeded	Proficiency Rate for Federal	Annual	Met Annual

## Mathematics Assessment - Performance By Grade: Grade 6

This table shows performance on the Mathematics section of the New Jersey Student Learning Assessment (NJSLA). The performance results in this table include all students that took the NJSLA assessment, which includes students that were enrolled less than half a year. Students in sixth grade who were enrolled in an Algebra I course during the 2021-22 school year were required to take both the Algebra I and Grade 6 mathematics assessment. The results of the Grade 6 mathematics assessment are included in this data.

# **Academic Achievement**

This section of the reports includes results on statewide assessments, including the New Jersey Student Learning Assessment (NJSLA), the Dynamic Learning Maps (DLM), and the ACCESS for ELLs assessment. For more information about New Jersey's statewide assessments, see the NJDOE's Assessment page.

Important Note for 2021-22: NJSLA data is not available for 2019-20 or 2020-21 due to federal waivers and assessment cancellations and DLM and ACCESS for ELLs data is not available for 2019-20. As data over the last three years was impacted by the pandemic in various ways, the NJDOE recommends caution in comparing data from year to year.

## Mathematics Assessment - Performance By Grade: Grade 8

This table shows performance on the Mathematics section of the New Jersey Student Learning Assessment (NJSLA). The performance results in this table include all students that took the NJSLA assessment, which includes students that were enrolled less than half a year. Students who took the Algebra I, Geometry, or Algebra II end-of-course assessments are not included in grade level results.

Student Group	Valid Scores	School Mean Scale Score	District Mean Scale Score	State Mean Scale Score	% Level 1: Did not yet meet expectations	% Level 2: Partially met expectations	% Level 3: Approached expectations	% Level 4: Met expectations	% Level 5: Exceeded expectations	% of testers met or exceeded expectations	State: % of testers met or exceeded expectations

# Academic Achievement

This section of the reports includes results on statewide assessments, including the New Jersey Student Learning Assessment (NJSLA), the Dynamic Learning Maps (DLM), and the ACCESS for ELLs assessment. For more information about New Jersey's statewide assessments, see the NJDOE's Assessment page.

Important Note for 2021-22: NJSLA data is not available for 2019-20 or 2020-21 due to federal waivers and assessment cancellations and DLM and ACCESS for ELLs data is not available for 2019-20. As data over the last three years was impacted by the pandemic in various ways, the NJDOE recommends caution in comparing data from year to year.

### Mathematics Assessment - Performance By Test: Algebra I

This table shows performance on the NJSLA Algebra I end-of-course assessment. The performance results in this table include all students that took the NJSLA assessment, it does not exclude students that were enrolled less than half a year.

This includes any students who were enrolled in an Algebra I course and took the Algebra I assessment in grades 7 through 12. Students in sixth grade who were enrolled in Algebra I course during the 2021-22 school year were required to take both the Algebra I and Grade 6 mathematics assessment. The results of their Algebra I assessment are not included in these results but will be reported when the student in in grade 9.

Important Note for 2021-22: The NJDOE recommends caution in comparing the 2021-22 Algebra I performance to data prior to 2019-20, as the population of students taking this assessment has changed as a result of new high school testing requirements. NJSLA data is not available for the 2020-21 or 2019-20 school years.

### **English Language Proficiency Test - Participation and Performance**

This table shows, by years in district, the number of English learner students taking the ACCESS for ELLs 2.0 Assessment for English language proficiency and the percentage of students tested that received an overall score of 4.5 or above. Students must receive a score of 4.5 or higher to be considered for proficient status.

Years in District	# Students Tested	% Students with Overall Score Below 4.5	% Students with Overall Score 4.5 or Above
0-2	*	*	*
3-4	N	N	N
5 or more	N	N	N

## **English Language Progress to Proficiency**

This table shows the percentage of English Learners who demonstrated the expected amount of growth on the ACCESS for ELLs 2.0 Assessment for English Language proficiency. A student's expected growth is based on the student's initial year proficiency level and student growth expectations are increased by equal intervals each year so that the student meets the proficiency cut score of 4.5 within five years. The table shows the annual target for the percentage of students making expected growth and whether that target was met.

Student Group	Percent of English learners making expected growth to proficiency	Annual Target	Met Target?
Schoolwide/English Learners	*	*	*
† Target was met within one standard deviation.

# College and Career Readiness

Information about New Jersey Student Learning Standards can be found on the NJDOE website.

## **Computer Science - Course Participation**

This table shows the number of students who were enrolled in Computer Science and Information Technology (IT) courses by grade and subject area. Students are counted more than once if they were enrolled in courses across multiple subject areas. The last two rows show the number of students enrolled in Advanced Placement (AP) or International Baccalaureate (IB) courses and Dual Enrollment courses by subject area. Subject areas where AP/IB courses are not offered are grayed out.

Grade	Computer Programming	Principles of Computer Science	Computing Systems	Other Computer Science	Networking	Information Systems	Other IT
6	N	N	N	N	N	N	N
7	N	N	N	N	N	N	N
8	N	N	N	N	N	N	N

# Climate and Environment

Student absences provide important information about a school's culture and climate. Research shows that absences impact a student's ability to succeed in school. The New Jersey Department of Education used input from New Jersey communities to select chronic absenteeism as its measure of school quality and student success for the ESSA accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, whether excused, unexcused, or for disciplinary action, is considered absent unless permitted by state statute or regulations. Students with fewer than 45 days in membership are excluded from attendance calculations.

Important Note for 2021-22: The NJD0E recommends caution in comparing the 2021-22 chronic absenteeism rates with the rates from 2020-21 and rates prior to 2019-20 as the pandemic has impacted attendance rates over the last three years.

### **Chronic Absenteeism**

This table shows the number and percentage of students in grades K-12 both overall and by student group who were chronically absent during the school year. The last two columns show the chronic absenteeism state average for students in the grades offered and whether the rate for each student group was above the state average ("Not Met") or less than or equal to the state average ("Met").

Student Group	# of Students Chronically Absent	% of Students Chronically Absent	State Average	Met State Average
Schoolwide	31	5.9%	15.8%	Met
White	25	6.7%	15.8%	Met
Hispanic	5	16.1%	15.8%	Not Met
Black or African American	*	*	**	**
Asian, Native Hawaiian, or Pacific Islander	0	0.0%	15.8%	Met
American Indian or Alaska Native	*	*	**	**

# Climate and Environment

The New Jersey Department of Education collects data through the Student Safety Data System (SSDS). In addition to the data below, NJDOE is required, under ESSA, to report on the most recent, publicly-available Civil Rights Data Collection (CRDC) data, which can be found on the NJDOE School Performance webpage. Please note that prior to school year 2017-2018, the CRDC and the State collection system, EVVRS, did not collect the same data elements. In an effort to better align the State system with the CRDC, the new Student Safety Data System (SSDS) collects all the required CRDC data elements. NJDOE is in the process of developing a reporting function for the SSDS which will allow LEAs to use the same data for both submissions.

Important note for 2021-22: The NJD0E recommends caution in comparing the 2021-22 student safety data with the data from 2020-21 and 2019-20 as the pandemic impacted the data from those years.

## Violence, Vandalism, HIB, and Substance Offenses

This table shows the number of incidents reported by type. A single incident may be counted under multiple incident types. The total unique incidents row provides an unduplicated count of incidents. The last row shows the rate of incidents for every 100 students enrolled.

Incident Type	Number of Incidents
Violence	1
Weapons	0
Vandalism	0
Substances	0
Harassment, Intimidation, Bullying (HIB)	0
Total Unique Incidents	1
Incidents Per 100 Students Enrolled	0.19

Police Notifications  This table shows, by incident type, the number of cases where an incident led to police notification.				
Incident Type	Incidents Reported to Police			
Violence	0			
Weapons	0			
Vandalism	0			
Substances	0			
Harassment, Intimidation, Bullying (HIB)	0			
Other Incidents Leading to Removal	0

## Harassment, Intimidation, and Bullying (HIB) Investigations

This table shows, by the nature of the incident, the number of alleged and confirmed Harassment, Intimidation, and Bulling (HIB) investigations. The nature of an incident is based on the protected categories listed below, and the nature of a single HIB investigation may include multiple categories. All confirmed incidents must have an identified nature.

HIB Nature (Protected Category)	HIB Alleged	HIB Confirmed	Total HIB Investigations
Race	1	0	1
Religion	0	0	0
Ancestry	0	0	0
Gender	0	0	0
Sexual Orientation	0	0	0
Disability	0	0	0
Other	0	0	0
No Identified Nature	5		5

## **Student Disciplinary Removals**

The first table shows, by removal type, the number and percentage of students who received disciplinary removals during the school year. Removal types include students receiving one or more in-school suspensions, one or more out-of-school suspensions, one or more suspension of any type, removal to another school or other educational program, expulsion with no further educational services, or arrest. The second table shows the total number of days missed due to out-of-school suspension for all students during the school year.

Removal Type	Number of Students	Percent of Students
In-School Suspensions	0	0.0%
Out-of-School Suspensions	0	0.0%
Any Suspension	0	0.0%
Removal to other education program	0	0.0%
Expulsion	0	0.0%
Arrest	0	0.0%

School Days Missed due to Out-of-School Suspensions

# Climate and Environment

## **School Day**

This table shows the start and end times and length of school day for a typical student at this school. Instructional time is the amount of time that a typical student was engaged in instructional activities under the supervision of a certified teacher. Full time students attend this school for more than half of the school day and shared-time students attend the school for half of the school day or less.

Category	School
Typical Start Time	8:40 AM
Typical End Time	3:15 PM
Length of School Day	6 Hrs. 35 Mins.
Full Time - Instructional Time	5 Hrs. 35 Mins.
Shared Time - Instructional Time	N

## **Device Ratios**

This table shows the student to device ratio, which is the number of students in grades PK-12 per device, including devices designated for instruction, testing, and remote learning. Devices are computers such as tablets, iPads, laptops and Chromebooks. The count includes only devices that meet nationally recommended specifications for online testing and digital learning in grades PreK through 12. This information comes from the elective NJTRAx survey and reflects data submitted as of October 2022, therefore data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device policy may appear to have a very low student to device ratio due to this policy decision.

School Year	Student to Device Ratio
2021-2022	1:1

## **Student Access to Technology and Internet**

In response to the COVID-19 pandemic, the NJDOE began collecting information on student device types, device owners, and internet connectivity during the 2020-2021 school year. Additional reports about student access to technology and internet connectivity as of the end of the 2021-2022 school year can be found on the NJDOE website.

# Staff

Staff data reflects teachers and administrators reported by districts at the beginning of the school year.

#### Key terms for staff data:

Teachers: All classroom teachers

Administrators: Principals, assistant principals, supervisors, coordinators, directors, and other central-office administrators, as well as superintendents and other district-level administrators.

Experience: Experience is based on information submitted by districts on all their staff members. For purposes of this report, the ESSA Educator Equity and federal reporting requirements, NJDOE has defined teachers as "inexperienced" if they have fewer than four years of prior experience in a given district. The tables below report on "experienced" teachers and administrators for federal reporting purposes.

Out-of-Field: A teacher is labeled "out-of-field" if they are potentially teaching outside their area of certification. This could occur if the teacher cannot be found in the NJDOE's certification system, if their job code does not match their certification, of if the teacher has an expired certificate.

## **Teachers – Experience**

This table shows information about the experience of teachers assigned to this school and across the state. No teachers in New Jersey are teaching under emergency or provisional credentials as defined the United States Department of Education. The number of out-of-field teachers is the number of teachers who are potentially teaching outside of their area of certification.

Category	Teachers in School	Teachers in State
Total Number of teachers	46	118,773
Average years experience in public schools	14.1	12.5
Average years experience in district	14.1	11.3
Percentage of Teachers with 4 or more years experience in the district	82.6%	76.0%
Number of out-of-field teachers	0	2,937

## Administrators - Experience (District Level)

This table shows information about the experience of administrators assigned to this district and across the state.

Category	Admin. in District	Admin. in State
Total Number of administrators	5	9,578
Average years experience in public schools	12.4	16.5
Average years experience in district	12.4	12.6
Percentage of Administrators with 4 or more years experience in the district	100.0%	78.8%

#### **Staff Counts**

This table shows the number of staff members assigned to the school, district, and state across several staff categories. The staff counts in this table reflect data submitted by districts to NJ SMART and reflect any teachers assigned and are not based on full-time equivalent (FTE). Additionally, some staff members may be assigned to the district only, but work in multiple schools in the district. In these cases, the table may show 0 staff members assigned to the school, even though there are district staff members working in the school.

Staff Category	School: Total Staff Members	District: Total Staff Members	State: Total Staff Members
Teachers	46	73	118,773
Administrators	1	5	9,578
Librarians/Media Specialists	N	1	1,212
Nurses	1	2	2,911
School Counselors	N	1	4,324
Child Study Team Members	1	6	9,115
School Psychologists	N	1	2,159
School Social Workers	N	2	2,487
Student Assistance Coordinators	N	N	372
School Safety Specialists	N	1	694

This could occur if the teacher cannot be found in the NJDOE's certification system, if their job code does not match their certification, of if the teacher has an expired certificate.

## **Student and Staff Ratios**

This table shows ratios of students and staff members in the school and district. The ratios are based on data submitted by districts to NJ SMART and are not based on staff full-time equivalent (FTE).

Ratio	School Ratio	District Ratio
Students to Teachers	11:1	12:1
Students to Administrators	526:1	178:1
Teachers to Administrators	46:1	15:1
Students to Librarians/Media Specialists †	N	888:1
Students to Nurses †	526:1	444:1
Students to Counselors †	N	888:1
Students to Child Study Team Members †,††	54:1	17:1
Students to School Psychologists †	N	888:1
Students to School Social Workers †	N	444:1
Students to Student Assistance Coordinators †	N	N
Students to School Safety Specialists †	N	888:1

- † In some districts, staff members in these roles who work in multiple schools may be assigned only to the district and not to individual schools. As a result, a School Ratio may show N, but there may be district assigned staff working in the school
- †† Child Study Team members include school psychologists, school social workers, and learning disabilities teacher consultants also note that for the ratio compares Students with Disabilities instead of all students.

## Teachers and Administrators - Demographics

This table compares the percentage of students, teachers, and administrators by gender and by racial and ethnic group. 2019-20 was the first year that data was collected for non-binary/undesignated gender and, as a result, the data may not be a true representation of the student or staff population. Additionally, to protect student privacy, gender percentages for 2019-20 are rounded to the nearest 0.5 and percentages for 2020-21 and 2021-22 may show a range, depending on the overall school population size.

Category	Students in School	Teachers in School	Administrators in School	Students in State	Teachers in State	Administrators in State
Female	48.0%	80-90%	*	48.0%	77.0%	56.0%
Male	52.0%	10-20%	*	52.0%	23.0%	44.0%
Non-Binary/Undesignated Gender	≤1%	≤10%	*	≤1%	≤1%	≤1%
White	70.9%	95.7%	100.0%	40.1%	82.6%	76.3%
Hispanic	5.9%	0.0%	0.0%	32.1%	8.1%	8.1%
Black or African American	0.8%	2.2%	0.0%	14.6%	6.5%	13.9%
Asian	17.1%	2.2%	0.0%	10.1%	2.3%	1.3%
American Indian or Alaska Native	0.0%	0.0%	0.0%	0.2%	0.1%	0.1%
Native Hawaiian or Pacific Islander	0.2%	0.0%	0.0%	0.2%	0.2%	0.1%
Two or More Races	5.1%	0.0%	0.0%	2.7%	0.2%	0.3%

This could occur if the teacher cannot be found in the NJDOE's certification system, if their job code does not match their certification, of if the teacher has an expired certificate.

## **Teachers by Subject Area**

This table shows the counts of teachers by subject area with gender breakdown, experience, and level of education. The staff counts in this table reflect staff assignments as submitted by districts to NJ SMART and reflect any teachers assigned and are not based on full-time equivalent (FTE). Note that some teachers may teach in multiple subject areas and may be counted more than once in this table or they may only be counted in their primary subject area. Additionally, in many elementary schools teachers are not assigned to specific subject areas, so teachers will appear in the Elementary (Not Subject Specific) category and not in the other subject areas, but that does not mean those subjects are not being taught in the school. Special Education and Bilingual teachers are generally assigned to a subject area and also either special education or bilingual, so those teachers will be counted in multiple subject areas.

subject areas.															
Subject Area	Total Number of Teachers		% Male	% Non-binary or Undesignated Gender	% White	% Hispanic	% Black or African American	% Asian	% Native Hawaiian, Pacific Islander	% American Indian or Native American		% 4 or more years experience in the district	% Bachelor's Degree(Highest Degree)	% Master's Degree(Highest Degree)	% Doctoral Degree(Highest Degree)

# Per-Pupil Expenditures

## **Per-Pupil Expenditures by Source**

The table below summarizes the most recently available expenses for regular and special education students taught at schools in the district. The amounts include both actual personnel and actual non-personnel expenditures and include expenditures for instruction, support services, administration, operations and maintenance, and extra-curricular activities. An overall cost per pupil for a given school can be calculated by adding the Central Expenditures and the Expenditures Not Assigned to a School to the School Level Expenditures reported for that school. The Average Daily Enrollment (ADE\*\*) comes from the 2021-22 School Registry Summary (SRS).

For more information regarding this table please refer to the guidance for school level reporting, which is available on the NJDOE webpage <u>NJDOE webpage ESSA School Level Reporting Information</u>. More in-depth information about district and charter school spending can be found in the <u>User Friendly Budget</u> and the <u>Comprehensive Annual Financial Report (CAFR) and Auditor Management Reports (AMRs).</u>

Please be aware that the total district expenditures represented in these reports are taken from audited district financial data, but the subsequent allocation of these resources to specific schools is not audited or otherwise verified by the New Jersey Department of Education. If you have specific questions about the assignment (or lack of assignment) of school-level amounts, please contact the district for additional information.

Link to District Summary of 2021-22 School-Level Per Pupil Expenditures by Source

An option to download all school-level summaries by district in one spreadsheet is also available. However, because districts have flexibility in how certain costs are allocated to individual schools, school-level costs should not be compared between schools in different districts.

Allendale Boro	Federal	State & Local	Total	ADE**
School Level Expenditures Not Assigned to a School	\$80	\$4,865	\$4,945	874.4
District Level Central Expenditures		\$2,697	\$2,697	874.4
Brookside School	\$81	\$9,840	\$9,921	517.3
Hillside Elementary School	\$125	\$9,257	\$9,382	357.1

# Accountability

New Jersey's Every Student Succeeds Act (ESSA) Accountability System New Jersey's school accountability system identifies schools that are in need of comprehensive and targeted support as required by the Every Student Succeeds Act (ESSA). Based on New Jersey's approved ESSA state plan, NJDOE will identify schools in the following four federal categories every three years:

- · Comprehensive Support and Improvement (CSI): Overall Low Performing:
  - · Schools with a summative score in the bottom 5% of Title I schools.
- Comprehensive Support and Improvement (CSI): Low Graduation Rate:
- High schools with a four-year graduation rate of 67% or less
- · Additional Targeted Support and Improvement: Low Performing Student Group (ATSI):
  - Schools with one or more student group with a summative score that would be in the bottom 5% of Title I schools
- · Comprehensive Support and Improvement (CSI): Chronically Low Performing:
  - Title I schools identified as Additional Targeted Support and Improvement; Low Performing Student Group (ATSI) that are identified for three or more consecutive years, i.e. ATSI schools that do not meet exit criteria.
  - The NJDOE has not yet identified schools in this category as no ATSI schools have been in status for three or more years.

Annually, NJDOE will identify schools in the following federal category:

- · Targeted Support and Improvement: Consistently Underperforming Student Group (TSI):
  - Schools with one or more student groups that missed annual targets or standards for all indicators for two years in a row

For purposes of ESSA accountability, only schools and student groups with data for 20 or more students are included in calculations.

For more information about New Jersey's accountability system, how indicator and summative scores were calculated, how federal accountability status is determined, and additional data, see the NJDOE accountability page.

Important Note for 2021-2022: Due to the COVID-19 pandemic, New Jersey received waivers from the United States Department of Education (USED) in both March 2020 and March 2021 that waived accountability-related requirements in the Elementary and Secondary Education Act (ESEA) for the 2019-2020 and 2020-2021 school years. These waivers removed the requirements to:

- · Calculate indicator scores and summative scores for the 2019-2020 and 2020-2021 school years;
- . Measure progress toward long-term goals and measures of interim progress for accountability indicators for the 2019-2020 and 2020-2021 school years; and
- Identify schools for comprehensive and targeted support and improvement during the 2020-2021 and 2021-2022 school years (based on 2019-2020 and 2020-2021 data, respectively).

As a result of these waivers, any school that was identified for comprehensive or targeted support and improvement during the 2019-20 school year will retain the same status for the 2021-22 and 2022-23 school years.

The NJDOE identified schools across four categories during the 2022-23 school year (based on 2021-22 data):

- · CSI: Overall Low Performing;
- · CSI: Low Graduation Rate;
- ATSI; and
- TSI.

For the TSI identification that occurred during the 2022-23 school year, status in meeting annual targets for the 2018-19 and 2021-22 school years were used since data was not available for two consecutive years.

Additionally, all schools that were previously identified were eligible to exit status at the end of the 2022-23 school year if the NJDOE's Exit Criteria were met.

The NJDOE received approval to make a one-time change to the identification timeline under the COVID-19 State Plan Addendum. Under the approved Addendum, the NJDOE will identify schools for CSI and ATSI status in both fall 2023 and fall 2023. Schools identified for CSI or ATSI status in fall 2022 will be eligible to exit status in fall 2023 if all exit criteria are met. Schools identified for TSI status will be eligible to exit are met.

## **ESSA Accountability Status**

The table below provides the school's federal school status for the 2023-24 school year, the category (or reason) for identification, the year the school is eligible to exit status, and, if applicable, the student groups identified for support. For additional information, the <a href="NJDOE\_ESSA Accountability webpage">NJDOE\_ESSA Accountability webpage</a> includes a list of all schools requiring comprehensive or targeted support and improvement with the amount of School Improvement Aid (SIA) funds received and information on exit criteria for identified schools.

Status for 2023-24 School Year	Not in Status
Category of Identification	n/a
Year Eligible to Exit Status	n/a
Student Group Status: White	
Student Group Status: Hispanic	
Student Group Status: Black or African American	
Student Group Status: Asian, Pacific Islander, Native Hawaiian	
Student Group Status: American Indian or Alaska Native	
Student Group Status: Two or More Races	
Student Group Status: Economically Disadvantaged Students	
Student Group Status: Students with Disabilities	
Student Group Status: English Learners	

† This flag is used if a school is identified for Comprehensive Support and Improvement, but one or more student groups met criteria for Targeted Support and Improvement.

## **ESSA Accountability Progress**

The table below shows performance on each of New Jersey's ESSA accountability indicators for the last three years.

ELA and Math Proficiency: Percentage of students who met or exceeded expectations on statewide assessments (N.ISI A or DI M)

ELA and Math Growth: For 2021-22 only, this data shows the Relative School Improvement Measure (RSIM), which is based on aggregate scale score improvement on the statewide assessments in ELA and mathematics (NJSLA), when comparing prior year performance to 2021-22 performance. Schools are assigned a percentile rank based on their improvement as compared to schools with similar prior year performance. This is only measured for grades 3-8. The NJDOE plans to resume measuring growth by mSGP in 2022-23.

Four- and five-year graduation rates: The adjusted cohort graduation rate

**Progress toward English Language Proficiency:** The percentage of English Learners who demonstrated the expected amount of growth on the ACCESS for ELLs Assessment for English Language proficiency.

Chronic absenteeism: The percentage of students that were absent for 10% or more of the days enrolled during the school year.

Important Note for 2021-22: The NJDOE received federal waivers that waived certain assessment and accountability-related requirements for the 2019-20 and 2020-21 school years. As a result, proficiency, growth, and progress toward English language proficiency data is not available for 2019-20 or 2020-21 and chronic absenteeism data is not available for 2019-20. The growth measure used for 2021-22 is an alternate measure used because median student growth percentiles were not available for 2021-22. The NJDOE plans to resume reporting median student growth percentiles in 2022-23. As data over the last three years was impacted by the pandemic in various ways, the NJDOE recommends caution in comparing data from year to year.

ESSA Acountability Indicator	2019-20	2020-21	2021-22
ELA Proficiency			86.8%
Math Proficiency			81.0%
ELA Growth			55
Math Growth			24
4-Year Graduation Rate†			
5-Year Graduation Rate†			
Progress toward English Language Proficiency			*
Chronic Absenteeism		5.1%	5.9%

<sup>†</sup> This table shows the most recent graduation rate for reference, but accountability calculations for a given year use the prior year's graduation rate.

## Accountability Indicator Scores and Summative Ratings - 2021-22 School Year

New Jersey developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Comprehensive Support and Improvement. This table shows the indicator scores for each indicator included in the accountability system and the weight that each indicator receives when calculating the overall Summative Score. The Summative Rating is the percentile rank of the Summative Score as compared to other schools across the state. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement. For more information about New Jersey's accountability system and how these indicator scores were calculated, see the <a href="https://www.nummative.com/nummative.nummative.com/nummative.n

ESSA Accountability Indicator	Score	Weight
ELA Proficiency Indicator Score	98.31	17.5%
Math Proficiency Indicator Score	96.95	17.5%
ELA Growth Indicator Score	60.10	25.0%
Math Growth Indicator Score	22.26	25.0%
4-Year Graduation Rate Indicator Score	N	N
5-Year Graduation Rate Indicator Score	N	N
Progress toward English Language Proficiency Indicator Score	**	**
Chronic Absenteeism Indicator Score	87.57	15.0%
Summative Score	67.90	
Summative Rating	74.18	
Comprehensive Support: Overall Low Performing	No	
Comprehensive Support: Low Graduation Rate	No

# Accountability

## Accountability Summary by Student Group - 2021-22 School Year

The NJDOE is required under ESSA to identify schools for Targeted Support and Improvement (TSI) and Additional Targeted Support and Improvement (ATSI). Both TSI and ATSI identifications are based on how student groups within schools perform. Schools are identified for ATSI if they have at least one student group that has a summative score that would be in the bottom 5% of Title I schools if it was its own school. Schools are identified for TSI if they have at least one student group that missed annual targets or standards for all indicators for two years in a row. Only student groups that have data for at least 20 students are included in the accountability determinations.

In the table below, the first three columns show information on the identification for ATSI. It shows the summative score for each student group, the cut-off score that was used to identify schools for comprehensive support and improvement (CSI), and whether the school (and student groups) have been identified as requiring ATSI. The remaining columns in the table show whether the student group met annual targets or standards for all indicators for the 2021-22 school year. If at least one student group did not meet all targets and also did not meet all targets in the 2018-19 school year, then the school will be identified as requiring TSI.

For more information about accountability determinations, indicators, and annual targets, see the NJDOE Accountability page..

Student Group	Summative Score	Summative Score Cut-Off for Additional Targeted Support	Requires Additional Targeted Support: Low Performing Student Group	ELA Proficiency	Math Proficiency	ELA Growth	Math Growth	4-Year Graduation Rate	5-Year Graduation Rate	Progress toward English Language Proficiency	Chronic Absenteeism	Requires Targeted Support: Consistently Underperforming Student Group

# **Narrative**

This section allows schools and districts to share highlights, achievements, and other important information about programs, activities, and services that are offered in their own words. Please note that the narrative is optional, so only categories in which the district chose to share information will be displayed. If there are questions about the information provided in the narrative section, please contact the school or district directly.

- · Increased focus on choices for students. This includes 3 new elective choices for 8th graders this year.
- Developed a school climate around student voice and partication, exemplified by the updated Brookside Television Program, which is a daily webcast created, directed and produced by the students.
- · The student council wrote and recieved a \$20,000 grant to purchase and install new playground equipment.

Mission, Vision, Theme:

Brookside focuses on developing the whole child. Academically, we are very successful. Brookside students consistently perform exceptionally well on objective assessments. Students consistently perform well above average for all grades in all areas on the PARCC, and 100% of our Algebra students passed the high school Algebra test. In addition to academics, Brookside students are active in the arts. Over 70% of the middle school students participate in the band, chorus or both. Finally, our ever growing SEL program provides instruction and support for students to develop management and coping skills, which allow them to succeed in all areas of life.

**Awards, Recognition, Accomplishments:** 

One of the top performing schools in the state according to SchoolDigger.com. 2021-2022 Boys Middle School Basketball County ChampionsHonorable Mention for NJ Law Adventure

## **Narrative**

This section allows schools and districts to share highlights, achievements, and other important information about programs, activities, and services that are offered in their own words. Please note that the narrative is optional, so only categories in which the district chose to share information will be displayed. If there are questions about the information provided in the narrative section, please contact the school or district directly.

In addition to the traditional required courses, Brookside offers a plethora of courses designed to expose children to different careers and ways of thinking. Over 80% of Brookside students are part of the music program (band, chorus or both). In addition, students get experience with art, computer science and engineering. As 8th graders, Brookside students are encouraged to explore their interests and choose multiple courses from up to 12 electives to develop those interests and talents. One area of significant strength is the infusion of traditional gifted and talented curricula throughout the curriculum for all students. 4th and 5th graders are exposed to robotics through Lego Robotics, which expands past the prescribed program into activities such as robot wars. 6th and 7th graders get to work in the Innovation Lab to create MagLev cars and Hydrolic Arms respectively. 8th graders have a myriad of choices for electives, including 8th grade project, an independent study course.

Sports Offered: Baseball (Boys), Basketball (Boys & Girls), Cross Country (Boys & Girls), Soccer (Boys & Girls), Softball (Girls), Track and Field - Spring (Boys & Girls), Volleyball (Girls), Wrestling (Boys & Girls)

A main tenant of Brookside is for students to be part of the community. Interscholastic sports provide a vehicle for this. Brookside's Cross Country Team is especially strong, and was the County Champion for the last three years, both boys and girls. Equally as impressive, the team has more than 60 participants and is one of our most popular activities. Other sports Brookside students can be part of include soccer, basketball, volleyball, baseball, softball and track. This last year, the Boys Basketball team won the Bergen County Championship.

Brookside offers close to 20 clubs designed to involve and engage students. We make a particular effort to offer a diversity of activities so that anyone can pursue an interest. Clubs range from music opportunities such as A Capella, Jazz Band, and Wind Ensemble, to academic competition opportunities including Math Counts and NJ Law Adventure. A few clubs extend past the school walls, including the Environmental Club and the School Store. Finally, there are also socially focused clubs, such as Ping Pong and the student created Games Club. Over the last couple of years, we have supported several student initiated activities including, but not limited to, our Games Club. On a different front, the Student Council is very active in school life. The Principal's Advisory Council meets regularly with the principal to discuss issues of student concern. In addition, Student Council runs sub committees, including School Climate, Fundraising, and Grant Writing.

Allendale Enrichment Opportunity Program (ALEOOOP) offers exciting and fun classes after school and a summer program for any child eligible for enrollment in the Allendale School District. In addition, the WycKoff YMCA offers and after school program for students who need extended supervision.

# **Before and After School Programs:**

Brookside staff actively engages in continual learning. Teachers work in grade level teams and collaborate on self-selected topics designed to help enhance and improve student learning. The most recent initiatives have focused on inclusive learning. Teams meet to collaboratively plan and review student work. Twice a month, teachers participate in after school PD and often work in departments to analyze student work and collaboratively plan.

## Staff and Professional Learning:

**Student Supports and Services:** 

Special Education teachers and the Child Study Team work with each grade level team to provide support for students with special needs. Additional support is available for all students through extra help with regular classroom teachers, through focused groups with the school counselor, and with our ASP and Study Skills classes. The school counselors and the principal also work with students frequently to insure positive academic achievement and characteristics.

Brookside's Health and PE Program is notable in its innovative outlook on participation. One main area is in PE. While students still experience typical sports related PE classes, a big emphasis is on setting personal physical goals and developing lifelong habits for fitness and wellness. Our fitness room embodies this. Students participate in yoga, Pilates, bicycle racing, and speed and fitness training. Our 8th grade program is primarily self-selected so that students can develop their skills and interests. In addition to this program, Brookside employs student driven Wellness activities throughout the year. These are done as whole school, homeroom and interest driven events. A key component is listening to student input on what and how to meet their social and emotional needs.

**Parent and Community Involvement:** 

As with many public schools, Brookside has undergone several renovations and additions in its lifetime. Despite this, the entire building exudes a child centered yet academic atmosphere. Throughout the building, student murals and paintings line the hallways and classrooms are all equipped with Smartboards. Our infrastructure supports our 1 to 1 Chromebook initiative. Finally, our Learning Commons and STEM Room have both received critical acclaim for their aesthetics and function.

Brookside School takes safety very seriously. Working hand in hand with the Allendale Police, Brookside consistently reviews our safety protocols to ensure the safety of both the students and the staff. This year, the district hired a school police officer as an added level of oversite.

Brookside is a 1 to 1 environment. Students in the the 4th grade use the computers appropriately in the classroom, and students in grades 5-8 are responsible to use the devices in and out of school. In addition, STEM itself is incorporated into the curriclum daily. Students use Google Docs, Sheets, Slides and email on a daily basis, and the curriculum itself is designed to find connections between these tools and curicular learning objectives. Finally, we have a strong engineeriing-based program where students explore both by choice and by design projects related to computer science, robotics, mechanical engeering, electirical engieering and biomedical engineering.

Brookside is a Grade 4-8 school. From a community standpoint, the school functions very much as a single system and events such as our Holiday Sing-A-Long serve to reinforce the intimate nature of the school. Older students relish the opportunity to mentor and interact with the younger students. Our Peer Leader Program and our opening day events provide opportunities for older children to function in true leadership roles. Despite this small community feel, Brookside hosts a schedule that is directly designed for the developmental level of the child. Fourth graders follow a traditional elementary model working with a single teacher for the majority of the day. Starting in fifth grade, however, we begin the slow transition towards maturity. Fifth graders work in homeroom groups and rotate between teachers. This allows for the emotional support of a common homeroom group, but also get the children used to multiple teachers. It also allows for a higher level of academic discourse in our classrooms. In sixth grade, students have their own wing in order to first experience a secondary model. Their experience is closely monitored by the teachers and staff. Seventh grade begins the transition towards high school level independence, and under the watchful eye of the staff, students are given more options to develop their own styles, interests and processes. This culminates in eighth grade where students experience more choices and diversity in their program. This fully prepares students for their next academic experience.
