

June 2021

Dear Future Fourth Grader,

Summer is a time for relaxing and having fun, but it is also a good time to reinforce skills you have learned in third grade. To start fourth grade on the right foot, please complete the following tasks during the summer.

- We would like you to read a minimum of two just right books. Please select books that you enjoy and are able to comprehend. We have included a suggested list of authors and book titles in case you are having trouble finding a book.
- Complete the attached assignment for one of your summer reading books. Remember to take your time, do your best work, and write neatly. Bring the completed worksheets with you on the first day of school.
- Since mastery of basic facts in all operations is expected in fourth grade, make sure you practice your facts using websites (such as <http://www.math-drills.com>) and flashcards. We will begin basic fact quizzes during the first week of school.

We look forward to meeting you in September! Have a wonderful summer!

Sincerely,

The Fourth Grade Teachers

Students entering fourth grade must read at least two chapter books over the summer. Listed below are some suggested authors and titles in case you have trouble finding a book.
