

Summer Assignment for Incoming Algebra Students
2021

Starting August 1st, you will need to complete the following math assignment. Please go to www.castlelearning.com:

- Use the same user ID that you have been using with your 7th grade math teacher.
- Your password has been reset, so when you type in your user ID, do not enter a password. Click *sign in*. You will be prompted to enter a password. You may use the same password as last year.
- If you have difficulty getting on, please contact Mr. Winkelstein (bwinkelstein@allendalek8.com).

You will have three assignments from Mrs. Imhoff:

“Summer Algebra #1”

“Summer Algebra #2”

“Summer Algebra #3”

You **MUST** complete Summer Algebra #1. If you want to get more practice or try for a higher grade, you can complete Summer Algebra #2 and then #3. If you choose to complete #2 or #3, the higher score of the three assignments will be recorded as your first math grade of the year. Again, all students must complete #1, but # 2 & #3 are optional.

*****This needs to be completed by the first day of school*****

Please email me if you have any questions. I look forward to meeting you in September. I hope that you have a wonderful summer!

Sincerely,

Mrs. Imhoff
